

Complete Sidewalk Solutions

"Innovations for the Pressure Cleaning Industry"

Solution # 60

**Commercial Grade
Flat Surface Cleaner
Model: CSS6045**

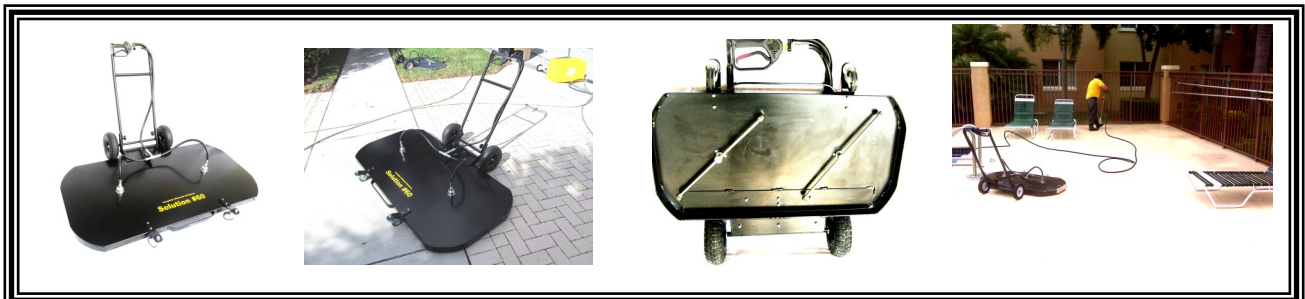

Description: Solution # 60 was developed to clean a five foot wide area in one pass. This rugged cleaner is handcrafted from high grade aluminum making it durable yet light weight for maneuverability and ease of transportation. The dual 30" rotor arms clean a true 60" plus path at 2000 rpm.

The Solution # 60 is the Pressure Washing Professional's perfect choice for: sidewalks, driveways, patios, pool decks, loading ramps, gas stations, parking lots, tennis courts, or for cleaning any other large area where you want to save time & money.

Features:

- Heavy Duty Welded High Grade Aluminum Construction
- Stainless Steel *Mosmatic* Swivels and Rotor Arms
- Stainless Steel Couplers and Fittings for Dependability
- Low Glare Satin Black Powder Coat Finish
- Convenient Fold Down Handle Assembly
- Handle Assembly Easily Reverses for Left Hand Use
- Front Welded Bar for Ease of Carrying and Enables the Solution # 60 Deck and Handle Assembly to be Secured from Theft.
- 10 Inch Pneumatic ball bearing tires
- 4000 PSI 212 degree F and 12 GPM Rated
- Measures: 62" L x 38" W x 37" H (12" Folded)
